Oklahoma and the Indian Territory
The annual year of the Louisiana
purchase.

STATEHOOD FOR TERRITORIES.
The Denver Republican voices the
sentiments of the people of the west
by saying that whatever else the present
congress may do, it should pass an
enabling act for the territories of New
Mexico, Arizona and Oklahoma.

The case of the latter the new state
should be organized apart from the Indian
territory. The people of the Indian
territory are not ready for statehood.
Those of Oklahoma are.

New Mexico has been an organized
territory for fifty years, and Arizona
has been in that class for the greater
part of that time. Oklahoma, although
younger, has so large a population and
it has been settled by so intelligent and
energetic a people that there can be
no question concerning its fitness for
the duties and responsibilities of a
state government.

To keep these three territories out
any longer is to treat them with in-
justice for which no opponent of state-
hood can give an adequate excuse. The
people desire to organize states, and in
each case they would do so promptly if
congress would withdraw the author-
ity of the federal government.

They have sufficient taxable wealth to
enable them to maintain state govern-
ments, and if they were admitted this
wealth would be greatly increased through
the settlement of new people and
increased investment of outside capital.

Under the circumstances there
should no longer be any objection to
the passage of an enabling act. No
great national question is before the
public concerning which the inhabitants
of any of these territories are arrayed
against the sentiment of the east. To
some extent this obstacle may have ex-
isted in respect to New Mexico and
Arizona when the financial question
was a great national issue. But that
is the case no longer, and no man in
the east can find an adequate excuse
for opposing the entrance of the pro-
posed states.

To further exclude these territories
would be an act of injustice which
should be condemned by every right
thinking man and woman in the United
States.

FROM OUT THE SHADOW.
George D. Allen Passes Into the Light
of God's Day.

George D. Allen died at the Laidlaw
Home this morning at 4 o'clock, says
the Las Vegas Optic. For thirteen
years he had been United States mar-
shal in Florida. At that time he was
worth \$45,000. After financial re-
verses he came here where he lived
and died in bitter destitution. His
nephew, George W. Allen, of Key West,
would gladly have given him a home
and have provided him with every
comfort, but he was too proud to be
helped in his declining years along
life's rough way.

Another instance very similar oc-
curred a few months ago when George
L. Crutcher was called hence. He was
a southern man, had been a Kentucky
slaveholder and was proud of his com-
mission as captain in the confederate
army.

While here he painfully eked out a
bare and miserable existence and at
death he was buried by charity. Like
Mr. Allen, he, too, had held important
positions in life and had served the
government in different capacities ef-
fectually. Like Mr. Allen, he was well
connected. Some of his relatives were
in a condition of affluence. It is too
bad that these old men should have
spent their declining years in destitu-
tion and should have gone down to the
grave sorrowful, alone and in want.
May the lightest wing of sleep forever
lie upon each aged head. Mr. Allen's
nephew has been informed of his
death and will probably attend to his
burial.

George D. Allen was prize commis-
sioner in the war with the confederacy
for the Union army and the govern-
ment wired for his advice as to the
right distribution of prizes when ships
were taken as contraband of war in
the late conflict with Spain.

Judge E. V. Long received a tele-
gram from George W. Allen, of Key
West, Fla., brother of the deceased,
giving directions to give a suitable
burial and send him the bill of ex-
pense. Funeral announcements will
be made later.

JUSTIFIED FOR KILLING BELL.
Coroner's Jury Exonerates James
Goode for His Crime.

The Journal-Democrat this morning
failed to follow up its "special dis-
patch," etc., from Clayton, N. M.;
hence The Citizen clips the following
article from the Denver Republican—
the same paper our morning contem-
porary clipped its "special dispatch"
of the day before:

"A coroner's inquest was held this
morning over the remains of the late
Oscar Bell, who was shot last night
by James Goode. The verdict was:
'We find that the said James Goode
killed the said Oscar Bell in defense of
his honor and good name, and the
honor of his family and that said
James Goode was entirely justifiable
in such killing.'"

"Goode and Bell were business part-
ners and fast friends and Bell had
lived for some time at Goode's house.
Last night Goode came home and with-
out a word of explanation shot Bell as
they met at the front door. He sur-
rendered and justified his act by say-
ing that Bell had attempted to ruin his
home."

Horrible Homicide.
J. T. Riley Beaten and Killed to Death
By J. U. McIntosh.

Another of those deplorable trag-
edies for which Clifton is becoming
notorious, occurred at the Richelleu
saloon Monday night, which terminated
in the death of J. T. Riley, a traveling
photographer, who had been residing
in North Clifton for the past two
months.

From the best information obtain-
able it seems that Riley was drinking
heavily, and while in the Richelleu

made some remark to Mrs. J. O. Mc-
Intosh—who runs a crap game in the
house—to which her husband took ex-
ceptions. Words followed, when Mc-
Intosh knocked Riley down, then jump-
ed on him with both feet and also
kicked him in the stomach. Parties
present caught McIntosh and forced
him to desist, when a scuffle ensued,
and it is said that more trouble of a
serious nature was prevented by the
timely interference of the proprietor
of the house. Riley was found to be
unconscious, and was taken to the hos-
pital, where he died yesterday after-
noon.—Clifton (Arizona) Era.

A Legacy of the Grip
Is often a run-down system. Weak-
ness, nervousness, lack of appetite, en-
ergetic and ambition, with disordered
liver and kidneys often follow an at-
tack of this wretched disease. The
greatest need then is Electric Bitters,
the splendid tonic, blood purifier and
regulator of stomach, liver and kid-
neys. Thousands have proved that
they wonderfully strengthen the
nerves, build up the system, and re-
store to health and good spirits after
an attack of grip. If suffering, try
them. Only 50c. Perfect satisfaction
guaranteed by all druggists.

OF INTEREST TO THE TERRITORY
Five Bills Introduced in the House by
Delegate Rodey.

The following bills have been intro-
duced by Delegate Rodey and are of
interest to New Mexico:
House resolution No. 5505, a bill for
the relief of George Ivers, administra-
tor of William Ivers, late of Santa Fe,
New Mexico.

House resolution No. 5506, a bill
for the relief of A. H. Reynolds, of
Quinta, Taos county.

House resolution No. 5564, a bill to
amend an act entitled "An act to es-
tablish circuit courts of appeals and
define and regulate in certain cases
the jurisdiction of the courts of the
United States, and for other purposes,"
approved March 3, 1891.

House resolution No. 5567, a bill to
provide for an additional associate
justice of the supreme court of the
territory of New Mexico.

House resolution No. 5200, a bill to
amend an act entitled "An act grant-
ing pensions to the survivors of the
Indian wars of 1832 to 1842, inclusive,
known as the Black Hawk war, Creek
war, Cherokee disturbances, and the
Seminole war," approved July 27,
1892, so as to permit the granting of
pensions on account of the Texas, New
Mexico and other Indian wars up to
Anna Domini 1856.

A Thousand Dollars Thrown Away.
Mr. W. W. Baker, of Plainville, Neb.,
writes: "My wife had lung trouble for
over fifteen years. We tried a number
of doctors and spent over a thousand
dollars without any relief. She was
very low and I lost all hope, when a
friend suggested trying Foley's Honey
and Tar, which I did, and thanks be
to that great remedy, it saved her life.
She is stronger and enjoys better
health than she has ever known in ten
years. We shall never be without
Foley's Honey and Tar and would ask
those afflicted to try it." Sold by Alva-
rado Pharmacy.

GIANT POWDER EXPLODES.
One Man Killed and Five Injured by
the Accident.

One Mexican was killed and five
badly injured from an explosion of
giant powder last Monday, about five
miles from Estey City, at a place call-
ed Moonshine Spring. G. W. Seibel
came into Tulare about 1 in the
morning on Monday from Estey for a
doctor, but not being able to secure
one, as they had patients they could
not leave, he telegraphed to Dr. Bryan,
of Alamogordo. From Mr. Seibel we
learn the following particulars: It
appears that a gang of Mexican work-
men were employed at the spring by
the Estey Mining and Milling company
laying pipe from the spring and doing
some blasting. Last Monday morning
being quite cold, their sticks of giant
powder were frozen and when they at-
tempted to thaw it out on a hot stove
the explosion occurred with the above
result. The five men are badly burned.

Something That Will Do You Good.
We know of no way in which we can
be of more service to our readers than
to tell them of something that will be
of real good to them. For this reason
we want to acquaint them with what
we consider one of the very best rem-
edies on the market for coughs, colds,
and that alarming complaint, croup.
We refer to Chamberlain's Cough Rem-
edy. We have used it with such good
results in our family so long that it
has become a household necessity. By
its prompt use we haven't any doubt
but that it has time and again prevent-
ed croup. The testimony is given upon
our own experience, and we suggest
that our readers, especially those who
have small children, always keep it in
their homes as a safeguard against
croup.—Camden (S. C.) Messenger.

FOOD FOR A YEAR.
Meats.....300 lbs.
Milk.....240 qts.
Butter.....100 lbs.
Eggs.....27 doz.
Vegetables.....500 lbs.

This represents a fair ration for one
man for one year.

But some people eat and eat
and yet grow thinner. This
means a defective digestion
and unsuitable food. To the
notice of such persons we pre-
sent Scott's Emulsion, famous
for its tissue building. Your
physician can tell you how it
does it.

We'll send you a little to try if you like.

THEY ARE PURSUED.
Bandits Leave a Trail of Blood Along
the New Railroad.

A special dispatch to the Denver
News, from Captain N. M., under date
of February 7, says:
Sheriff Gonzales and posse, who
started out to capture the gang of
bandits who stopped at the Block
ranch a few days ago and secured
fresh mounts at pistols' point, returned
empty handed today after an exciting
chase of over thirty-six hours.

After leaving the Block ranch the
desperadoes started in the direction
of the Capitan mountains which, owing
to their extreme roughness and im-
penetrability, have always been a
favorite hiding place for such charac-
ters. The sheriff pushed forward as
fast as possible. His party had not
proceeded very far, however, before
they came upon Sheriff Higgins, of
Chavez county and six deputies, who
were searching for the same band.

Thus reinforced, the pursuing party
argued their horses on and were at one
time close upon the fugitives. The
bandits evidently realized that they
would fall into the hands of their pur-
suers unless something was done and,
undoubtedly at a prearranged signal,
the entire gang separated and each
man took a different direction. This
made further pursuit extremely diffi-
cult and after a day spent in fruitless
efforts to continue the chase the pur-
suing party turned back.

A rumor got about today which
caused great consternation among the
officials in charge of the jail at Lin-
coln. It was to the effect that these
men were coming towards Lincoln for
the purpose of liberating a man by the
name of Woods, who is confined in the
jail charged with the burning of the
Copeland ranch in the eastern part of
the county about two months ago and
killing the storekeeper and an un-
known man who was stopping there
over night. Considerable color was
given to this report by the fact that
the desperadoes had stopped over
night at the Woods house, the night
before, confiscating property at the
Block ranch, and that part of the gang
at least are from Oklahoma territory,
which was the former home of Woods.

Up to this afternoon no such an at-
tempt has been made. The jail is
heavily guarded.

This is the worst gang of cutthroats
that ever operated in the southwest
and is, without doubt, the same which
came through Puerto del Luna, in the
Pecos valley, about a week ago and
robbed a store, killing two men and a
boy who were in the building at the
time. They then robbed the pay car
and bank at Santa Rosa. Their path
is strewn with blood all the way from
Oklahoma territory, where about three
weeks ago they were implicated in a
robbery and a noble killing.

The chase will be continued until
they are either captured or run out of
the country.

QUAKER REFLECTIONS.
From Philadelphia Record.

Some people avoid straightened cir-
cumstances by being crooked.
The weaker a man is, the stronger
his bad habits grow on him.
Hook—"Sillicious acts like a fool."
Nye—"Humph! That isn't acting."

Some girls are too busy improving
their complexions to improve their
minds.
No, Maude dear, a bunco steerer
bears no relation to a bunk in a steer-
age.

Teacher—Name a nation that is
very much in evidence just now. Tom-
my—Vaccination.
Wiggs—Do you suppose crematories
pay Wiggs? That depends upon their
burning capacity.

Teller—Time is money. Askin—Why
don't you make money then? Teller—
I haven't time.
Tommy—Pop, in getting a divorce,
what is the first step? Tommy's Pop—
Getting married, my son.

When a young man begins to argue
that two can live as cheaply as one you
can snuff for orange blossoms.
Sillicious—Do you believe that clothes
make the woman? Cynicus—More of-
ten than the woman makes the clothes.

Bloobs—Newrich is such a blase
young man. Slobs—Yes; he made a
lot of money in oil, and he seems to
find even that a bore.

Parks—Did you see much of Mary at
the seashore last summer? Starke—
Yes; all that I did not see of her at
one dances last winter.

HOGS AND ALFALFA.
Pecos Valley Ranchman Is Making
Them Pay When They Are
Handled Together.

Clifton Chisholm, who recently pur-
chased the J. M. Miller farm about
eight miles southeast of Roswell, is
branching out in a new industry which
is attracting general attention among
the ranchmen in the Pecos valley. It
is nothing more nor less than raising
hogs on a large scale. He is also grow-
ing and shipping large quantities of
alfalfa. By this system of combining
the two industries, Mr. Chisholm is
demonstrating that hog culture as a
side issue on an alfalfa ranch has
money in it. About three cars of al-
falfa fattened hogs will be ready for
shipment to Kansas City in a few days.

A BRIDE'S WILD TOOT.
A Fifteen-Year-Old Wife Celebrates
the Honeymoon.

Yesterday, the Las Vegas Record re-
ported the marriage of Maebel Baire
and Dallas Potter. The bride, who is
only 15 years of age, is not a lineal de-
scendant of Caesar's wife by a long
shot, and the honeymoon did not linger
in the lap of winter for any alarming
period of time.

Last night Maebel wrapped herself
in an air of secrecy and perversity and
stole out into the shades of darkness,
ostensibly to visit a female friend.
From what her husband states it would
seem that she met Alvin Sharum and
Lynn Trough. Instead of the female,
and the three went off on an exploring
tour. Among other places they visited
some apartments and wine rooms and
engaged in a wild and woolly jambo-
ree, the bride having a high old time
sowing her honeymoon crop of wild oats.

In the meantime the husband became
weary waiting for his young bride and
sallied forth on a tour of investigation.

Finally he found his wife and her two
male companions, sipping nectar from
the lips of folly and throwing dull
care to the winds. The husband tar-
ried with the bride and her compan-
ions and it was after daylight before
the quartette became sobered with the
night's slumming and retired to a
more sequestered part of the city.
Soon after this, Dallas Potter, the
bridegroom of a day, went to Judge
Wooster's court and swore out war-
rants for the arrest of Alvin Sharum
and Lynn Trough on a charge of se-
duction. He says they led his young
bride astray last night and the face
of the angel who guards innocence
wears a gorgeous grin.
The officer has not been able to lo-
cate the two young men, and it is sup-
posed they have slipped out, hoping to
escape the penitentiary.

UNIVERSITY NOTES.
The Athenaeum are planning a very
interesting program for Washington's
birthday.

Miss Brewer and Miss Craig are
both progressing very nicely with their
work at the model school.

Miss Lillian Huggott has been chosen
editor of the Mirage for the remain-
der of the year, as Miss Tway's studies
became too heavy for her to continue
the Mirage work.

The Athenaeum elected officers for the
second semester as follows: Presi-
dent, Thomas Kolcher, Jr.; vice-presi-
dent, Miss Craig; secretary, Miss
Brewer, and treasurer, Bruno Dieck-
mann.

We enjoyed a visit today from Miss
Froa, a Barth, a last year's student. She
has been traveling in California and
elsewhere, and although she will
change her name before long, Miss
Barth declares lasting allegiance to
the University of New Mexico.

Invitations have been issued to the
normals and freshmen for a St. Valen-
tine's court to be held next week, Fri-
day, from 6 to 10, at Prof. and Mrs.
Hodgins' delightful home, "Casa del
Mesa." The invitations are very uni-
que in themselves and a jolly time is
in prospect for the Hodgins are royal
entertainers.

On the 20th President Tigh has se-
cured a very fine lecturer and demon-
strator on liquid air, Prof. Patty, who
will give a talk on the subject with
some excellent experiments at Colum-
bia hall. The lecture will be a very fine
one and all interested in the cause of
science should avail themselves of the
opportunity of hearing Prof. Patty. The
students of the University and
High school expect to attend in large
bodies.

REFLECTIONS OF A BACHELOR.
From New York Press.

Public lives cover scandal!
The man who fools himself never
fools anybody else.
Sow wild oats on the most barren
soil and they will grow there as read-
ily as anywhere else.

Women get so much happiness out
of love affairs because they have such
wonderful imaginations.
It always spoils a woman's enjoy-
ment of her sweet dinner if her hus-
band insists on calling the dishes by
their English names.

Saved Him From Torture.
There is no more agonizing trouble
than piles. The constant itching and
burning make life intolerable. No po-
sition is comfortable. The torture is
unending. DeWitt's Witch Hazel
Salve cures piles at once. For skin
diseases, cuts, burns, bruises, all kinds
of wounds it is unequalled. J. S. Gerall,
St. Paul, Ark., says: "From 1865 I
suffered with the protruding, bleeding
piles and could find nothing to help
me until I used DeWitt's Witch Hazel
Salve. A few boxes completely cured
me." Beware of counterfeits. J. H.
O'Reilly & Co., B. H. Briggs & Co.

Winter coughs are apt to result in

The Canon of San Diego Grant.
On tomorrow Harry P. Owen, re-
feree, accompanied by a number of Al-
buquerque and Santa Fe attorneys, will
leave this city for the Canon de San
Diego grant to take testimony concern-
ing the partition suit now pending in
the district court for Bernalillo county.
In the matter of the grant, it is ex-
pected that a large number of wit-
nesses will be examined during the
trip in order to close the case. Mayor
Amado Chavez, of Santa Fe, will be
present during the taking of the testi-
mony on the grant. The referee and
party may be absent about two weeks.

FEW TRUE POINTERS.

The Citizen's outside correspondents
are all genuine. We don't take the ter-
ritorial exchanges and write news
from them, putting it off under a date
as "special correspondence," etc. This
paper prefers to be honest and credit
these territorial classified clippings to
the papers from which they are taken.

The Citizen goes north, to its big
lists of subscribers at Bernalillo, Bland,
Cerrillos, Madrid, Golden, San Pedro
and other points, in pouched sacks on
the No. 8 train, only a few hours after
its publication, while the J.D. Wata
until the next morning for No. 2. Now
watch the morning paper attempt to
deny this truthful assertion.

The mail trains going west and
south seem to have been arranged to
suit The Citizen, exclusively. Hence,
this paper reaches all its western and
southern subscribers, with the latest
telegraphic, territorial and other clas-
sified news, considerably earlier than
any other paper published in central
New Mexico. The contrast with the
Associated Press, vendors of tele-
graphic news, prevents any morning
paper from bringing on the hours of
any afternoon paper which also takes
the report. And again, for the infor-
mation of the public, every line of tele-
graph used in The Citizen comes over
the wires on the day of publication.

This paper does not use "classified"
"mail telegrams," and pains them-
selves on the readers as Associated Press re-
port.

The Citizen's adaptation of classified
news, such as railroad, mining, stock,
territorial, sporting, notes from corre-
spondents, etc., all under attractive
headings, in receiving commentaries
from all sources, and is popular with
the readers. The Citizen always learns
it never follows.

Saved Her Child's Life.
"In three weeks our chubby little
boy was changed by pneumonia almost
to a skeleton," writes Mrs. W. Wat-
kins, of Pleasant City, Ohio. "A ter-
rible cough set in, that, in spite of a
good doctor's treatment for several
weeks, grew worse every day. We
then used Dr. King's New Discovery
for consumption, and our darling was
soon sound and well. We are sure this
grand medicine saved his life." Mil-
lions know it's the only sure cure for
coughs, colds and all lung diseases. All
druggists guarantee satisfaction, 50c,
\$1.00. Trial bottles free.

Kidney complaint kills more people
than any other disease. This is due to
the disease being as insidious that it
gets a good hold on the system before
it is recognized. Foley's Kidney Cure
will prevent the development of fatal
disease if taken in time. Sold by Al-
varado Pharmacy.

Committed Suicide.
Jasper Portilla, a native, under the
influence of liquor at his home in Tu-
larosa, tried to persuade his wife to
go to Mexico with him. When she re-
fused to go, he said he would take her
to a warmer place, drew a pistol and
attempted to shoot her. The pistol re-
fused to work and she took to her
heels. Judge Roberts and have
husband arrested. When they re-
turned he had broken the windows,
piled the furniture in the yard and
sent a bullet through his brain. A jury
was summoned by Judge Roberts and
they decided that Portilla came to his
death by a pistol shot fired by his own
hand.—Tulare Democrat.

Only a Joke.
The report that Theo. Wilson was
enough to make an Albuquerque wid-
ow, turned out to be a canard—a joke
perpetrated by one of his best friends.
It was given to the Bland Herald, and
the Herald published it as a fact. Now
we hasten to correct the report and
make all due apologies to Mr. Wilson,
who claims that he has no knowledge
of the existence of such an engage-
ment. However, his friends were in
hopes that the report was true.

Bilious Colic.
H. Seever, a carpenter and builder of
Kenton, Tenn., when suffering intense-
ly from an attack of bilious colic, sent
to a near by drug store for something
to relieve him. The druggist sent him
a bottle of Chamberlain's Colic, Chol-
era and Diarrhoea Remedy, three doses
